Many electronic readers have an integrated light source, can enlarge or change characters, use text-to-speech software to read text aloud for blind, elderly or dyslexic people or simply for convenience. [165] In addition, e-readers allow readers to search for words or find more information on the topic immediately using an online dictionary. [166] [167] [168] Amazon reports that 85% of its e-book readers search for a word during reading. [169] Printed books use three times more! raw materials and 78 times more! water to produce than e-books. [170] A 2017 study found that even when explaining the emissions created in the production of the e-reader device, replacing more! than 4.7 print books per year resulted in fewer greenhouse gas emissions than printing. [171] While an e-reader costs more! than most individual books, e-books can cost less than paper books. [172] E-books can made available for less than the price of traditional books using printers on books on demand. [173] In addition, numerous e-books are available online for free on sites such as Project Gutenberg. Reading data all electronic readers and reading applications are able to trace the reading data of electronic books, and the data could contain which users of electronic books open, how long users spend each electronic book and how much of each Electronic book is over. [163] In December 2014, Kobo released the reading data of the electronic electronic book by more than 21 million of its users worldwide. When a library buys an e-book license, the cost is at least three times what it would be for a personal consumer. [48] E-book licenses are more expensive! than paper training editions because publishers are concerned that a sold e-book can theoretically be read and/or controlled by a huge number of users, potentially damaging sales.
